## **About the Company**

Sterling Electro Enterprises Pvt Ltd was established in Mumbai, India in the year 1992 as a sole proprietorship firm initially called as Sterling Enterprises and was subsequently incorporated as a private limited company in the year 1996. Over the years we have spread across India having branches at Ahmedabad, Bengaluru and Visakhapatnam while our headquarter is based in Mumbai. We have also expanded our horizon overseas to Southeast Asia in the year 2014. We are an ISO 9001, ISO 14001 and ISO 45001 certified company.

Sterling Electro Enterprises Pvt Ltd is one of India's leading Electrical and Instrumentation contracting company which provides premier Engineering-Procurement-Construction (EPC) contract solutions consisting of supply, erection, testing and commissioning by transcendent project execution specialists.

We offer Engineering-Procurement-Construction (EPC) contract solutions for a spectrum of industrial sectors such as Aeronautical, Automobile, API, Beverages, Breweries, Chemicals, Distilleries, Data Centers, FMCG, Food, Fertilizer Plants, General Manufacturing, Hospitality, Information Technology, Infrastructure, Nuclear Energy, Oil & Gas, Pharmaceutical, Paints, Petrochemicals, Power, Refineries, Soaps & Detergents, Tyre and Textile.

Having successfully built a potent team of specialized managers, engineers, supervisors, technicians and domain experts that work collaboratively adhering to safety, cost, time schedule and quality parameters, we as a company have created deep synergies with our clients thus resulting in a list of reputed recurring clientele

With steady growth in revenues equipped with a skilled work force backed by latest technology our vision is to be a leading service provider globally with integrated electrical and instrumentation services delivering best quality services with a culture where all commit to a healthy workplace environment and sustainable management of projects.

## **Mission and Vision**

### **Mission statement:**

Our mission is to provide outstanding services to our clients with relentless focus on operational excellence through a well trained, dutiful and law-abiding team of professionals equipped with the most efficient machinery on board. Our focus remains continuously on scheduled delivery aiming at the quality, health, safety and environmental working standards. We aim at having business tie - ups and partnerships to execute projects of any magnitude globally.

### **Vision statement:**

Our vision is to be a leading electrical and instrumentation service provider globally by delivering best quality services with a culture where all commit to a safe and healthy workplace with sustainable management of projects.

## Services

We deliver end-to-end electrical and instrumentation projects and assist our clients globally in optimizing their performance and maintenance objectives through our services.

- Field Engineering and Co-ordination
- Erection, Testing and Commissioning
- Test / Process Instrument Calibration
- As-built Documentation & Constructability Reviews
- Training & handing over
- Operation and Maintenance

- **MEP Projects:**

MEP systems are an important part of the construction industry with multiple aspects. Hence we have commenced with providing MEP services under one roof. The marketplace for MEP Engineering Services is growing exponentially due to the boom of technology and sophistication in various sectors. The advantages include cost effectiveness and it increases the value for the customer and end-user. MEP systems resolve co-ordination and engineering shortcomings thereby decreasing the overall construction duration.

We unceasingly work towards an environment that provides safety and efficiency with utmost client satisfaction. We utilise a multi-disciplinary approach that builds economic, environmental and social sustainability into all MEP operations. Our focus is providing optimum solutions and value addition for every client. Our activities are executed through the stellar in-house project teams, associates and dedicated design leaders.

**Sub. : Appreciation of "2009 FACILITY OF THE YEAR" award winner**

Dear Sir,

We are extremely happy to inform you that, our Carbapenem facility at Aurangabad got "2009 FACILITY OF THE YEAR" award. It is great pride that we have been selected as category winner amongst 29 state-of-the-art projects across the globe, spread over 12 different countries.

As you may be aware, the Facility of the Year Awards (FOYA) program recognizes state-of-the-art pharmaceutical manufacturing projects that utilize new and innovative technologies to enhance the delivery of a quality project, as well as reduce the cost of producing high-quality medicines. Now in its fifth year, the awards program effectively spotlights the accomplishments, shared commitment, and dedication of individuals in companies worldwide to innovate and advance pharmaceutical manufacturing technology for the benefit of all global consumers.

This award has reinforced our commitment to set-up and maintain best in class manufacturing facilities using a combination of innovative engineering concepts and state-of-art equipment to produce quality products in a safe, consistent, and environmentally sound manner. Being able to successfully accomplish these goals, while dramatically increasing the productivity using all in-house expertise, was one of the major reasons for getting "2009 FACILITY OF THE YEAR" awarded by ISPE, INTERPHEX, and Pharmaceutical Processing Magazine.

This distinguished award acknowledges your valued contributions extended to us for successful completion of this project works at Aurangabad

Thank you very much and kindly accept our sincere appreciation to you and your team. We look forward to continue your valued co-operation in future also.

Yours faithfully,
